DVDs

1. [The Rabbi From Tarsus](#) excellently played by Phil Goble. An incredible performance of the last day in the life of the Apostle Paul in the dungeon of Nero. Even though it speaks of Paul being a rabbi, which Scripture never does, along with a few other mistakes, it's a beautiful rendition of what might have been, informative and humorous, and a faith builder.
2. *Fiddler on the Roof*. A classic 'must see.' The story of Tevyeh the Jewish milkman, his family and his Jewish community in anti-Semitic czarist Russia in the early 1900s.
3. *The Chosen*. Starring Rod Stieger as a Hasidic rabbi and the struggle he has to direct his son (Robby Benson), in the right path. Also starring Maximillian Schnell. An excellent film.
4. The 2014 film, [Above and Beyond](#), is an incredible movie/documentary about how God, in 1948,

used a few WWII volunteer American Jewish pilots to fight for Israel's independence and survival, and literally saved the Jewish people there from annihilation. At the time, Israel had no air force nor any military planes! The day after Israel announced its statehood, Israel was attacked by at seven Arab nations (Egypt, Syria, Jordan, Saudi Arabia, Lebanon, Yemen and Iraq), who spoke of overrunning the country and murdering all the Jews. They said that what Hitler had done would be nothing compared to what they would do to the Jews. Their military might was staggering compared to the Jews who didn't have any tanks or planes, etc., and they were outnumbered by professional Arab soldiers, but God was on the side of Israel. The movie is free on Amazon Prime and I don't know what it would cost to rent on Amazon.

5. [Follow Me](#) is the story of Yoni (Yonatan) Netanyahu, the older brother of the Prime Minister of Israel, Benjamin Netanyahu. Yoni was a lieutenant colonel when he masterminded and led the raid on Entebbe, where more than 80 Israelis were being held captive by a terrorists. The terrorists had hijacked a plane going from Athens to Paris and commandeered it to Entebbe, Uganda. It's free on Amazon Prime and costs \$18 to buy the DVD. I don't know how much it would be to rent it on Amazon.
6. Jesus of Nazareth. Absolutely the best 'Jesus' movie. Starring Olivia Hussey as Mary, this epic film includes Ernest Borgnine, James Farentino, James Earl Jones, Stacy Keach, James Mason, Sir Laurence Olivier, Christopher Plummer, Anthony Quinn, Rod Steiger, Peter Ustinov (who does an incredible job as King Herod), and Michael York as John the Baptist (a super performance). Robert Powell portrays Jesus, the most believable 'Jesus' on film. Get the unedited version if you can. Made in 1977, it runs 382 minutes (6 hours and 32 minutes), on two DVDs. See Avram's [review of the movie](#).
7. Louie Giglio's [Stars in the Galaxy](#). An excellent presentation of the God who designed the universe and our relation to the stars and Him.¹
