Dear Avram,

Shavua tov! I hope you have enjoyed your Shabbat and are fully refreshed for a new week. Many thanks for the articles. All the more thankful to you for writing them in a concise manner! They are a really friendly read for lay people like myself!

Hi there,

I wanted to tell you I loved the letter! I was born (1956) and raised Jewish. Just over 3 years ago accepted Jesus! I'm so excited to see this letter because it's so relatable.

God bless you!!

Debbie

(The letter Debbie refers to is the one page flyer I place on car windshields, speaking of my Journey; how I came to give my life to Yeshua in Oct. 1975, and on the backside is an invitation to our congregation, The Seed of Abraham, and why Christians need to rethink Sunday, Easter, Xmas and the eating of unclean animals, like the pig, and why we should be walking in Sabbath, Feasts of Israel and not eating bacon and shrimp, etc.)

Peace Avram.

Thank you for loving Jesus like you do and understanding the Word of God. I feel like Saul sitting at the feet of Gamaliel. To understand the Hebrew Scriptures and how they relate to the Messiah Yeshua is a blessing which strengthens the faith and brings unspeakable joy to the soul.

Your research is thorough and true without bias and with care and understanding. I have such joy reading your writings, which bring me closer to the Messiah Yeshua and His purpose for His life and our lives and the life He gave for our life, which in turns shows the Love of God, the long-suffering and patience God has for us.

Thank you for being such a Blessing.

much love,

john

Hi Avram and Ruti,

I hope all is well with you all.

My church their eyes are opening more to keep the biblical feasts. They banned christmas for years now.

I cant help but to think of you. Everytime i tell people about how God started to reveal to me my hebraic heritage i must mention your name.

I hope this email reaches you,

God has blessed me by knowing you. You are a great teacher.

i start following your teachings and celebrated my first pesach in 2011.

Greetings and shalom,

Riraizsa
